LETTER TO SHAREHOLDERS

7. IRREVOCABLE UNDERTAKINGS

7.1 Irrevocable Undertakings. Each of the Shareholders named in **Part B of Appendix 6** to this Offer Document (collectively, the “**Undertaking Shareholders**”) has given an irrevocable undertaking (collectively, the “**Irrevocable Undertakings**”) to the Offeror to, *inter alia*:

- (i) tender all the Shares that it holds (directly or indirectly or through a nominee) as at the date of the Irrevocable Undertakings, and any other Shares which it may subsequently acquire (directly or indirectly or through a nominee) after the date of the Irrevocable Undertakings, in acceptance of the Offer by the third (3rd) Market Day after the Despatch Date, in accordance with the procedures prescribed in this Offer Document and the relevant Acceptance Forms; and
- (ii) elect to receive, in respect of the relevant Undertaking Shareholder’s Shares, the Securities Consideration.

As at the Latest Practicable Date, **the Undertaking Shareholders collectively hold 2,848,809,046 Shares, representing approximately 87.98% of the total number of Shares.** Details of the Shares held by the Undertaking Shareholders as at the Latest Practicable Date are set out in **Part B of Appendix 6** to this Offer Document.

7.2 Duration. The Irrevocable Undertakings will terminate or lapse upon the earlier of:

- (i) the Offer being withdrawn or lapsing; or
- (ii) ZICO Capital, for and on behalf of the Offeror, failing to release the Offer Announcement within five (5) Market Days from the date of the Irrevocable Undertakings or such other date as may be extended by mutual written agreement of the Offeror (on the one hand) and the relevant Undertaking Shareholder (on the other hand), subject to the requirements of the Code.

7.3 No Other Irrevocable Undertakings. As at the Latest Practicable Date, save for the Irrevocable Undertakings, neither the Offeror nor any party acting in concert with the Offeror has received any irrevocable undertaking from any person to accept or reject the Offer.

8. RATIONALE FOR THE OFFER

8.1 Intention to Delist and Privatisise the Company. The Offeror intends to make the Offer with a view to delisting and privatising the Company.

8.2 Access to Funding and Borrowing Capacity Adversely Affected Due to the Ongoing MAS Investigation and Trading Suspension of the Shares. The Company is currently still under investigation by the Monetary Authority of Singapore (the “**MAS Investigation**”) and the trading in the Shares has been suspended since 4 May 2020. The MAS Investigation coupled with the trading suspension have adversely affected the Company’s access to funding and borrowing capacity including via the equity capital markets, thereby limiting the Company’s ability to pursue growth opportunities or to finance its operations and capital requirements.

LETTER TO SHAREHOLDERS

- 8.3 Opportunity for Shareholders to Realise Their Investment in the Shares.** The Cash Consideration is at a premium of approximately 11.1% to the Group's NAV per Share of S\$0.0072 as at 30 September 2025.

The Cash Consideration provides Shareholders who wish to exit the Company with an opportunity to liquidate and realise their investment in the Shares at a premium to the Group's NAV per Share, an option which has not been otherwise available since the trading suspension. The Cash Consideration represents a clean cash exit opportunity for Shareholders to realise their investment without incurring brokerage and other trading costs.

- 8.4 Greater Management Flexibility.** The Offeror is of the view that the delisting and privatisation of the Company will provide the Offeror and the Company with greater control and management flexibility in (i) utilising and deploying the available resources of the Company and (ii) pursuing and implementing the Offeror's business strategies and other options for the Group.

- 8.5 Reduced Compliance Costs of Maintaining Listing.** In maintaining its listed status, the Company incurs compliance and associated costs while trading in the Shares continues to be suspended since 4 May 2020. In the event that the Company is delisted from the SGX-ST, the Company will be able to save on expenses relating to the maintenance of a listed status and focus its current resources on its business operations.

- 8.6 Shareholders Have an Option to Elect to Accept the Securities Consideration.** Shareholders will have an option to elect for the Securities Consideration in the form of New Offeror Shares.

If successfully privatised, the Offeror will review and carefully examine the business opportunities afforded to the Company including a possible spin-off of the Company's core business units and such opportunities may involve entering into joint ventures, collaborations, investments and acquisitions or may involve the restructuring or reorganisation of the Company or a combination thereof which can result in increased operating risk to the Company especially given the current global operating and economic environment.

Shareholders are provided with a choice pursuant to the Offer between:

- (i) the Cash Consideration for Shareholders who do not wish to be subject to the risk of uncertainty in the direction and strategy of the Company following privatisation; or
- (ii) the Securities Consideration in the form of New Offeror Shares for Shareholders having long-term investment objectives who believe in the management team and the business model of the Company (albeit subject to investment, execution and other risks commensurate with a shareholding in the Offeror).

The New Offeror Shares are in an unlisted company, and Shareholders should carefully consider the risks and the terms and conditions of the Offeror Shares set out in this Offer Document should they wish to elect to receive the Securities Consideration.

LETTER TO SHAREHOLDERS

8.7 No Other Likely Alternatives for Shareholders to Realise Their Investment in the Shares. It is unlikely for there to be other competing offers for the Company (or for such competing offers to succeed) given that the Undertaking Shareholders with an aggregate shareholding interests of 87.98% in the Company have provided undertakings to the Offeror to accept the Offer.

9. OFFEROR'S INTENTIONS FOR THE COMPANY

The Offeror intends for the Company to continue its existing business activities and there are currently no plans to (i) introduce any major changes to the business of the Company, (ii) re-deploy any of the fixed assets of the Company or (iii) discontinue the employment of any of the existing employees of the Company or its subsidiaries, other than in the ordinary course of business. The Offeror retains and reserves the right and flexibility, at any time and from time to time, to consider and evaluate strategic options in relation to the Company, including but not limited to a possible spin-off of the Company's core business units as described in **Section 8.6** of this Offer Document, if and when such opportunities arise and are considered to be in the best interests of the Company. As at the Latest Practicable Date, no definitive plans have been formulated nor have any professional advisers been appointed in relation to such matters.

10. COMPULSORY ACQUISITION

10.1 Compulsory Acquisition Rights. Pursuant to Section 215(1) of the Companies Act, if the Offeror receives valid acceptances pursuant to the Offer or acquires the Shares during the Offer period otherwise than through valid acceptances of the Offer in respect of not less than 90% of the total number of Shares (other than those already held, or treated as held, by the Offeror as at the Despatch Date), the Offeror would be entitled to exercise the right to compulsorily acquire all the Shares of Shareholders who have not accepted the Offer (the "**Dissenting Shareholders**") at a price equal to the Cash Consideration.

In the event that the Offeror becomes entitled to exercise the right under Section 215(1) of the Companies Act to compulsorily acquire all the Shares of the Dissenting Shareholders, the Offeror intends to exercise such right, and upon such exercise, the Dissenting Shareholders shall receive the Cash Consideration (and not the Securities Consideration) for such Shares acquired by the Offeror. In such event, the Company will become a wholly-owned subsidiary of the Offeror and the Offeror will then proceed to delist the Company from the SGX-ST.

10.2 Dissenting Shareholders' Rights. In addition, pursuant to Section 215(3) of the Companies Act, if the Offeror acquires such number of Shares which, together with the Shares held by the Offeror or treated as held by the Offeror and Shares held in treasury by the Company, comprise 90% or more of the total number of Shares, the Dissenting Shareholders have a right to require the Offeror to acquire their Shares at the Offer Consideration. Dissenting Shareholders who wish to exercise such a right are advised to seek their own independent legal advice.

11. LISTING STATUS OF THE COMPANY

11.1 Listing Status of the Company. Trading in the Shares has been suspended since 4 May 2020. Notwithstanding the trading suspension, under Rule 723 of the Catalist Rules, the Company must ensure that at least 10% of the total number of the Shares (excluding Shares held in treasury) is at all times held by the public (the "**Free Float Requirement**").

LETTER TO SHAREHOLDERS

Pursuant to Rule 1104 of the Catalist Rules, upon an announcement by the Offeror that acceptances have been received pursuant to the Offer that bring the holdings owned by the Offeror and parties acting in concert with it to above 90% of the total number of the Shares (excluding Shares held in treasury), the SGX-ST may suspend the trading of the Shares on the SGX-ST until such time it is satisfied that at least 10% of the total number of Shares (excluding Shares held in treasury) are held by at least 200 Shareholders who are members of the public. Rule 1303(1) of the Catalist Rules provides that if the Offeror succeeds in garnering acceptances exceeding 90% of the total number of Shares (excluding Shares held in treasury), causing the percentage of the total number of Shares (excluding Shares held in treasury) held in public hands to fall below 10%, the SGX-ST will suspend trading of the Shares only at the close of the Offer.

In addition, under Rule 724(1) of the Catalist Rules, if the percentage of the total number of Shares (excluding Shares held in treasury) held in public hands falls below 10%, the Company must, as soon as practicable, notify its sponsor of that fact and announce that fact and the SGX-ST may suspend the trading of all the Shares. Rule 724(2) of the Catalist Rules states that the SGX-ST may allow the Company a period of three (3) months, or such longer period as the SGX-ST may agree, to raise the percentage of Shares (excluding Shares held in treasury) in public hands to at least 10%, failing which the Company may be delisted from the SGX-ST.

11.2 Intention of the Offeror. The Offeror intends to privatise the Company and does not intend to preserve the listing status of the Company. The Offeror has no intention to undertake or support any action for any trading suspension by the SGX-ST to be lifted.

In addition, the Offeror intends, and hereby reserves its right, to take steps at an appropriate time, whether during or after the Offer, to seek a voluntary delisting of the Company from the SGX-ST, where permitted by, and in accordance with, the relevant requirements of the Catalist Rules and the Code. In the event that the Free Float Requirement is no longer met, the Offeror intends to seek a voluntary delisting of the Company from the SGX-ST pursuant to Rules 1307 and 1308 of the Catalist Rules (collectively, the “**Voluntary Delisting Requirements**”). The SGX-ST will generally consider waiving strict compliance with the Voluntary Delisting Requirements if (i) the Offer is fair and reasonable (and the independent financial adviser to the Independent Directors on the Offer has opined that the Offer is fair and reasonable), and (ii) the Offeror has received acceptances from independent Shareholders at the close of the Offer that represent a majority of at least 75% of the total number of Shares held by Shareholders (other than the Offeror and persons acting in concert with the Offeror) (the “**Independent Shareholders**”). The Offeror will make an announcement if it receives acceptances of the Offer in respect of 75% of the total number of Shares held by Independent Shareholders.

7. INDEBTEDNESS

The Offeror had entered into a shareholder's loan agreement dated 9 February 2026 with the Promoter, pursuant to which the Offeror had borrowed S\$3.5 million from the Promoter for the purpose of financing the Offer and all costs and expenses in connection with the Offer (the "Loan"). The Loan which is unsecured and interest free, is repayable on demand by the Promoter at any time after the later of (i) the settlement of all acceptances pursuant to the Offer, and (ii) the settlement of all Offer Shares to be compulsorily acquired pursuant to Section 215(1) of the Companies Act (if applicable), provided always that the Offeror shall have the right to convert the amount owing under the Loan to new Offeror Shares to be allotted and issued to the Promoter at a subscription price per new Offeror Share equivalent to the Offer Consideration of S\$0.008. Upon the effective registration of the Promoter as the holder of the aforementioned new Offeror Shares by the Offeror, the Loan shall be deemed to have been fully repaid to the extent of such amount converted into such new Offeror Shares. The new Offeror Shares to be allotted and issued pursuant to the aforementioned conversion will, on allotment and issuance, be duly authorised, fully paid up and validly allotted and issued, and free from all Encumbrances and ranking *pari passu* in all respects with all other Offeror Shares as at the date of their allotment and issuance.

Save as disclosed in this Offer Document, as at the Latest Practicable Date, there is no material indebtedness such as bank overdrafts or loans, or other similar indebtedness, mortgages, charges or guarantees or other material contingent liabilities of the Offeror.

8. MATERIAL LITIGATION

As at the Latest Practicable Date, the Offeror Director is not aware of any litigation, claims or proceedings pending or threatened against the Offeror or any facts likely to give rise to any litigation, claims or proceedings which might materially and adversely affect the financial position of the Offeror.

APPENDIX 3 – ADDITIONAL INFORMATION ON THE OFFEROR

9. MATERIAL CONTRACTS WITH INTERESTED PERSONS

Save as disclosed in this Offer Document, the Offeror has not entered into material contracts (other than those in the ordinary course of business) with an interested person (within the meaning set out in the Note on Rule 23.12 of the Code) from the date of incorporation of the Offeror to the Latest Practicable Date.

APPENDIX 4 – RISK FACTORS

Shareholders should carefully consider and evaluate the following considerations, together with all of the other information contained in this Offer Document, before deciding to elect to receive the Securities Consideration. Some of the following risk factors relate principally to the business of the Offeror in general and to ownership of the Offeror Shares, including possible future sales of the Offeror Shares.

If any of the following considerations and uncertainties develops into actual events, the Offeror's business, financial condition and/or the value of the Offeror Shares could be materially and adversely affected. In such circumstances, Shareholders who elect to receive the Securities Consideration may face a deterioration in the value of their investment in the Offeror Shares.

The following risk factors do not purport to be a comprehensive analysis of all consequences, whether legal, tax or otherwise, relating to the ownership of the Offeror Shares. Shareholders are advised to seek independent legal, financial, tax and business advice.

RISKS RELATING TO THE BUSINESS OF THE OFFEROR

1. The Offeror has no track record and may not perform in the same manner as the Company

As the Offeror was incorporated on 25 September 2025 for the purposes of investment holding and for the making of the Offer, it has no business track record, financial or otherwise, prior to the Offer. As such, Shareholders who elect to receive the New Offeror Shares will not be able to evaluate the prospects for the Offeror's future business and performance. The Offeror will also bear transactional costs and expenses as a result of the making and financing of the Offer.

Following the close of the Offer, the Company will become a subsidiary of the Offeror, and the Offeror will be subject to the inherent business and investment risks to which the Group is currently exposed. However, Shareholders should not assume that as an investment holding company holding the Shares, the Offeror would perform in the same manner as the Company.

As an investment holding company, other than its investment in the Company, the Offeror may invest in other companies and businesses and the risks associated with investing in such companies or businesses are uncertain. Furthermore, Shareholders should note that there are no restrictions or control as to the investments that the Offeror may take part in. It is therefore possible for the Offeror to invest in companies and businesses that potentially carry more inherent risks than the Company and in regions where uncertainties with the legal system or adverse changes in political and economic policies could have a material adverse effect on such companies or businesses. Future acquisitions and any difficulties encountered in the acquisition and integration process may have an adverse effect on the ability of the Offeror to manage the businesses. Therefore, Shareholders who elect to receive the New Offeror Shares will have to bear all risks associated with holding shares in an investment holding company that has potentially unrestricted investment capabilities, where approved in accordance with the Offeror Constitution.

2. The Offeror may require additional funding for its future growth

The Offeror may require additional funding due to changing business conditions or other future developments, including any investments or acquisitions which the Offeror may decide to pursue. It is not possible to predict at this juncture the amount of funds required by the

APPENDIX 4 – RISK FACTORS

Offeror in the near future. However, if the future investments or acquisitions are carried out on a large-scale basis, the Offeror may seek additional funding either by way of issuance of additional equity and/or obtaining additional debt financing. The issuance of additional equity may result in dilution to the Offeror Shareholders. Additional debt financing will result in increased debt service obligations and may contain restrictive covenants with respect to dividends, future fund-raising exercises and other financial and operational matters. There is also no assurance that the Offeror will be able to obtain such additional funding or on terms acceptable to the Offeror.

RISKS RELATING TO THE OFFEROR SHARES

3. The Offeror Shares have never been publicly traded and will not be publicly traded when allotted and issued on settlement of the Securities Consideration or as at the close of the Offer

There has never been a public market for the Offeror Shares. Furthermore, the Offeror Shares will not be listed on any securities exchange when allotted and issued on settlement of the Securities Consideration or at the close of the Offer and as such, there will not be an easily determinable market value, if any, for the Offeror Shares. No assurance can be given to Shareholders that there will be a market for the Offeror Shares and the Offeror Shareholders may face difficulties liquidating or realising their investments in the Offeror Shares.

4. There is no assurance that the Offeror will declare dividends on Offeror Shares

The Offeror's ability to declare dividends is dependent on many factors, including the Offeror's financial condition, results of its investments, capital needs, investment plans and the terms and conditions of any debt financing. Furthermore, as the Offeror is an investment holding company, the Offeror's ability to declare dividends is dependent on the dividends that the Offeror receives from its investments. The ability of the Offeror's investee companies to declare dividends and other distributions to the Offeror would, in turn, depend on, amongst other things, their respective earnings and cashflows and be subject to the applicable laws and regulations of the relevant jurisdiction.

Any dividend that the Offeror's directors may recommend or declare in respect of any particular financial year or period will be subject to the factors set out above. There is therefore no assurance that the Offeror will declare dividends nor is there any indication of the levels of dividends that Offeror Shareholders can expect from the Offeror Shares (including the New Offeror Shares).

APPENDIX 4 – RISK FACTORS

5. **EMPL will hold a significant proportion of all the Offeror Shares and its interests may differ from that of the other Offeror Shareholders, which may limit the ability of such other Offeror Shareholders to influence the outcome of decisions requiring the approval of Offeror Shareholders**

As stated in Paragraph 3.1 of **Appendix 3** of this Offer Document, assuming that **all** Shareholders accept the Offer in respect of all their Offer Shares, and elect to receive the Securities Consideration, EMPL will hold 54.05% of the Offeror Shares upon settlement of all acceptances received under the Offer.

The interest of EMPL may differ from that of the other Offeror Shareholders. EMPL will be able to exercise significant influence over all matters requiring the Offeror Shareholders' approval, including the election of directors and the approval of significant corporate transactions. EMPL may also have veto power with respect to any shareholders' action or approval requiring a simple majority vote of the Offeror Shareholders. There is therefore a risk that such concentration of ownership may also have the effect of delaying, preventing or deterring a subsequent change in control of the Offeror which may otherwise benefit Shareholders who elect to receive the New Offeror Shares.

6. **The Offeror is not subject to the same corporate disclosure and corporate governance requirements that the Company has been subjected to as a listed company**

As the Offeror is not listed on the SGX-ST or any other securities exchange, it is not subject to the corporate disclosure and corporate governance requirements of the SGX-ST or any other securities exchange. In addition, the Offeror, being an unlisted company, will not be obliged or required to have independent directors, to make interim financial reporting or disclosures of any material information (financial or otherwise) or to seek shareholders' approval for certain corporate actions and other continuing listing obligations prescribed by the Catalist Rules. As such, the Offeror will not have any obligation to keep all Offeror Shareholders fully informed of material information concerning the Offeror in the manner and to the extent that the Company has. Offeror Shareholders may also not receive information on the Offeror that they may consider relevant to their investment in Offeror Shares in the manner and to the extent that they are accustomed to expect from the Company. As Offeror Shareholders may have limited access, if any, to information concerning the Offeror, Shareholders who elect to receive the New Offeror Shares should know that they are electing to hold or own securities in a company in respect of which they may have very limited information.

7. **Future transfers of Offeror Shares will be subject to stamp duties**

Shareholders should note that as the Offeror Shares (including the New Offeror Shares) will not be listed on any securities exchange when allotted and issued on settlement of the Securities Consideration or as at the close of the Offer, such shares are not capable of being deposited with any depository or depository agent. As such, Shareholders who elect to receive the New Offeror Shares will have to hold such shares in scrip form and any future transfer of the Offeror Shares (including the New Offeror Shares) will be subject to the relevant stamp duties and other applicable charges for such transfers.
